

The Premier Global Gathering for the Rule of Law

World Justice Forum 2022

MAY 30 - JUNE 3 | THE HAGUE, NETHERLANDS & ONLINE

Building More Just Communities

The global pandemic underscored and exacerbated the lack of just, open, and accountable governance. As rule of law continues to deteriorate around the world, communities are falling further behind on the ambitious Sustainable Development Goals promise to “*leave no one behind.*” A comprehensive rule of law agenda is needed that moves communities and countries around the world towards achieving equal rights and human dignity for all.

The 2022 World Justice Forum convened more than 1,200 rule of law actors from 116 countries for a week of collaboration, learning, problem solving, and agenda setting with a focus on three intersecting themes:

ANTI-CORRUPTION AND OPEN GOVERNMENT
ACCESS TO JUSTICE
EQUAL RIGHTS AND NON-DISCRIMINATION

Collaboration

Agenda setting

The Forum program included dynamic plenary discussions, interactive working sessions, the Justice Expo exhibition hall, off-site visits to explore local initiatives in The Hague, and cultural activities including music and dance.
