

## THE WORLD JUSTICE PROJECT: GENERAL POPULATION POLL 2023

**READ:** Good morning. My name is \_\_\_\_\_. I am from \_\_\_\_\_, an independent polling organization. I do not represent the government or any political party. You are being asked to participate in a research study. The goal of the study is to understand the views of citizens in [COUNTRY] about people's experiences with the law. The study is being carried out by the World Justice Project. Before continuing, I need to decide who to interview from this household.

**Surveyor:** Please randomly select a respondent from the individuals that are currently present in the household. Methods of random selection can include a Kish Grid, a random number generator, or the last birthday method. If you choose to use a Kish Grid, please see the Supplemental Survey Materials for an example of a Kish Grid.

Please note that there are quotas for city, gender, age, and income. Once the respondent has been randomly selected, and they agree to participate in the interview, please proceed to the three demographic questions on gender, age, and income. If the gender, age, and income categories of the respondent have not been filled, then proceed with the interview. If the randomly selected respondent falls into an already completed quota category (gender, age, or income), then please move on to the next house in the random sampling route.

**READ:** The selected adult(s) is (are) [NAME OF SELECTED ADULT]. (**Surveyor:** Ask to speak to that person)

**S1:** Selected adult= [Type code]

You have been randomly selected to participate in this survey. This survey is completely voluntary and it will take about 60 minutes to complete. Your answers will be kept confidential. We will not ask for your name and no one will ever be able to learn how you responded. Your answers will be put together with the answers of at least 1,500 other people and we will never disclose your individual opinion. Rather, we will talk about national trends and patterns. There are no right or wrong answers; our researchers value your opinions and want to know what you really think and feel about the topic being discussed. You can leave any questions unanswered, and you may stop the interview at any time. There is no penalty for refusing to participate.

Do you wish to participate? \_\_\_ Yes \_\_\_ No

**Surveyor:**

- If no, please fill in the Table of Incidents included in the Supplemental Survey Materials.
- If yes, please continue below.

**B. Example Kish Grid for respondent selection (for those using a Kish Grid):**

**READ:** Good morning. My name is \_\_\_\_\_. I am from \_\_\_\_\_, an independent polling organization. I do not represent the government or any political party. You are being asked to participate in a research study. The goal of the study is to understand the views of citizens in [COUNTRY] about people’s experiences with the law. The study is being carried out by the World Justice Project. Before continuing, I need to decide who to interview from this household.

**Surveyor:** Please randomly select a respondent from the individuals that are currently present in the household.

Please note that there are quotas for city, gender, age, and income. Once the respondent has been randomly selected, and they agree to participate in the interview, please proceed to the three demographic questions on gender, age, and income. If the gender, age, and income categories of the respondent have not been filled, then proceed with the interview. If the randomly selected respondent falls into an already completed quota category (gender, age, or income), then please move on to the next house in the random sampling route.

**READ:** The selected adult(s) is (are) [NAME OF SELECTED ADULT]. (**Surveyor:** Ask to speak to that person)

**S1:** Selected adult= [Type code]

You have been randomly selected to participate in this survey. This survey is completely voluntary and it will take about 60 minutes to complete. Your answers will be kept confidential. We will not ask for your name and no one will ever be able to learn how you responded. Your answers will be put together with the answers of at least 1,500 other people and we will never disclose your individual opinion. Rather, we will talk about national trends and patterns. There are no right or wrong answers; our researchers value your opinions and want to know what you really think and feel about the topic being discussed. You can leave any questions unanswered, and you may stop the interview at any time. There is no penalty for refusing to participate.

Do you wish to participate? \_\_\_Yes \_\_\_ No

**Surveyor:**

- If no, please fill in the Table of Incidents included in the Supplemental Survey Materials.
- If yes, please continue below.

**READ:** Before proceeding, I would like to ask you a few demographic questions. This helps us to ensure that the sample is representative.

<b>Gend</b>	What is your gender?	Male..... 1 Female..... 2
<b>Age</b>	What is your age as of today?	Open Response (Numeric]
<b>Income</b>	Would you please tell me the bracket that best represents your household's total income from all sources? This should include wages and salaries, net income from businesses, pensions, dividends, remittances, rents, and any other money income received by all members of the household. <b>(Please refer to Supplemental Survey Materials for instructions on how to construct this variable.)</b>	1 <sup>st</sup> quintile range..... 1 2 <sup>nd</sup> quintile range..... 2 3 <sup>rd</sup> quintile range..... 3 4 <sup>th</sup> quintile range..... 4 5 <sup>th</sup> quintile range..... 5 <b>(DON'T READ) Don't know/No answer_99</b>

<b>income_time</b>	Surveyor: Write the time period used for reporting the household's total income. Please standardize for all respondents.	Weekly, Monthly, or Annual Income

**If the randomly selected respondent falls into an already completed quota category (gender, age, or income), then please fill in the Table of Incidents and move on to the next house in the random sampling route. If the gender, age, and income categories of the respondent have not been filled, then proceed with the interview below.**

**C. Problem selection in q16 using a Kish Grid (instead of a random number generator or other random selection method):**

- Look at the responses in q15. Check if the respondent reported a problem with a level of seriousness greater than “3.”
- **If “Yes”:**
  1. In Table 1 below, list the dispute codes of all the problems identified by the respondent in q15 with a level of seriousness greater than “3”.
  2. Look at the last digit of the questionnaire number on the cover page. This is the column number you should circle in your Kish Grid.
  3. Check the number of problems that you wrote in Table 1 below. This is the row number you should circle on the grid.
  4. Find the box where the circled row and the circled column meet and circle the number that appears in the box. This is the number that you should record in q16.

**TABLE 1: PROBLEMS WITH A LEVEL OF SERIOUSNESS IN q15 GREATER THAN “3” (4, 5, 6, 7, 8, 9, or 10)**

- Go to your Kish Grid and circle the column number (‘6’).
- If the respondent had three problems in Table 1, go to row 3 and circle the row number (‘3’) in your Kish Grid.
- Draw lines from column 6 and row 3 and find the box where the two meet, and circle the number in it (‘3’). This means you have to select the third problem you wrote in Table 1 and record it in q16.

1. In Table 2 below, list the dispute codes of all the problems identified by the respondent in q15.
2. Look at the last digit of the questionnaire number on the cover page. This is the column number you should circle in your Kish Grid.
3. Check the number of problems that you wrote in Table 2 below. This is the row number you should circle on the grid.
4. Find the box where the circled row and the circled column meet and circle the number that appears in the box. This is the number that you should record in q16.

If needed, the WJP has a 50 column Kish Grid that can be used for the problem selection.

**D. Instructions for constructing the income variable:**

**SURVEYOR:** Please use five income range categories, each corresponding broadly to QUINTILES OF THE ACTUAL HOUSEHOLD INCOME RANGE in your country. These figures should be derived from the best available source for your country or from international sources. The data source used should match the requirement of the question, i.e., quintiles of household income for all households (not, for example, for average households or just households with children). The median income should lie in the third quintile. The figures should not appear to be too exact. Minor rounding can be employed to achieve this if necessary. Each country can choose whether to include weekly, monthly, or annual amounts or include more than one of these as appropriate.
