

World Justice Project Victim Support Variable Map 2022

Variables used in infographic on perceptions of crime victim support

This table lists the individual variables from the General Population Poll used to construct chart on “Perceptions of the Treatment of Crime Victims”. The table consists of four columns:

1. **Column one** lists the variable’s identification number within the 2022 General Population Poll conducted in the Caribbean
2. **Column two** lists the indicator being measured as it is described in the infographic
3. **Column three** lists the answer options from each variable shown in each chart
4. **Column four** includes the survey text for the variable
