

PUBLIC HEALTH

The World Justice Project (WJP) is honored to count on your expertise for this questionnaire, which will be answered by highly qualified individuals around the world. The questionnaire consists of 14 questions, and will take approximately 15 minutes to complete.

Your responses will be aggregated with those of other experts and supplemented by the results of a randomized general population poll (GPP) conducted in the three largest cities of your country of practice. Together, this data will be used to evaluate adherence to the rule of law. The results will be published, alongside those of over 100 other countries worldwide, in the WJP Rule of Law Index® 2017 report, and other reports produced by the WJP.

Your contribution will be acknowledged in the *WJP Rule of Law Index® 2017* report, as well as on The World Justice Project's web page and other WJP materials (unless you choose to remain anonymous).

Thank you in advance for your time and attention. With your participation, this joint endeavor will contribute to strengthening the rule of law worldwide.

INSTRUCTIONS

Please answer the following 14 questions in this questionnaire according to your perception of how the laws are applied **in practice** in your country. Please indicate in the box below which country you are responding to in this survey:

COUNTRY:

When you have completed the survey, please submit your answers by email or fax at:

- Email: ruleoflawindex@worldjusticeproject.org
- Fax: +1 (202) 747-5816

If you have comments or questions, please contact a member of The World Justice Project's (WJP) Rule of Law Index staff, at ruleoflawindex@worldjusticeproject.org.

CONFIDENTIALITY

The World Justice Project constructs the WJP Rule of Law Index report with strict guidelines in regard to the confidentiality of the data gathered and the privacy of the respondents. In the box below, please select if you would like to be either a **Publicly Acknowledged** contributor (meaning your name and organization will be published in the Contributing Experts section of the *WJP Rule of Law Index 2017* report and on the WJP website), OR you can select to be an **Anonymous** contributor (meaning your name will not be published in the WJP report, on the WJP website, or in any WJP materials, and your name and particulars will not be made known in any way).

In all cases, your individual responses will remain strictly confidential. Responses are aggregated preceding any statistical analysis or reporting of results to ensure that individual responses cannot be ascertained.

TYPE OF CONTRIBUTION

In the space below, **please select one** of the two options indicating if you would like to respond to this questionnaire as an Anonymous Contributor or as a Publicly Acknowledged Contributor. In both cases, your individual answers to the questionnaire will remain strictly confidential.

PUBLICLY ACKNOWLEDGED Contributor:

I would like to be **Publicly Acknowledged** as a contributor. I understand that my name, organizational affiliation, and country will be listed in the QRQ Contributing Experts section of the *Rule of Law Index 2017* report, and on the WJP's website, exactly as it is written below:

Name:	
Firm, Company, or organization:	

ANONYMOUS Contributor:

I would like to remain an **Anonymous** contributor. WJP will not reveal my name, organizational affiliation, or any other identifiable information in the *Rule of Law Index* report or any associated materials.

Please answer the following questions according to your perception of how the laws are applied in practice in your country. Please mark your answers with an X in the appropriate box.

SECTION I

The following questions describe hypothetical situations. In each question, we will provide you with a set of assumptions. Please select the option that best represents your views.

Hypothetical Scenario No. 1

1. Please assume that a poor person receives a bad blood transfusion at a public hospital and gets infected with hepatitis C. How likely is the patient to resort to the following mechanisms to seek compensation for damages?

	Very likely	Likely	Unlikely	Very unlikely	Don't Know/ Not applicable
(a) File a regular civil or commercial court lawsuit					
(b) File a complaint before an administrative body					
(c) Bring the issue before a Chief or Traditional Ruler					
(d) Take no action					

Hypothetical Scenario No. 2

2. Please assume that, as a result of an audit, a **local** government officer is found to be unlawfully issuing a license, in exchange for a bribe, to a public hospital that does not comply with public health regulations. Which one of the following outcomes is most likely? (**PLEASE CHOOSE ONLY ONE SINGLE ANSWER**)

(a) The accusation is completely ignored by the authorities	
(b) An investigation is opened, but it never reaches any conclusions	
(c) The local government officer is prosecuted and punished (through fines, or time in prison)	
(d) Don't know/Not Applicable	

3. Please assume that the Public Health authority in your country notifies a food producer about a salmonella outbreak tied to the producer's food supply chain. Which of the following outcomes is most likely? (**PLEASE CHOOSE ONLY ONE SINGLE ANSWER**)

(a) The food producer complies with the law (either voluntary or through court orders, fines, and other sanctions)	
(b) The food producer bribes or influences the public health authorities to ignore the violation	
(c) Absolutely nothing happens	
(d) Don't know/Not Applicable	

SECTION II

4. How frequently would you say that:

	Almost always	In most cases	In some cases	Almost never	Don't Know/ Not applicable
(a) In practice, large public hospitals comply with all applicable public health regulations					
(b) In practice, public clinics comply with all applicable public health regulations					
(c) In practice, public funds spent on dietary supplements actually reach poor children					

5. Please answer the following questions:

	100%	75%	50%	25%	5%	0%	Don't Know/ Not applicable
(a) In your view, what percentage (%) of public funds spent on health-care in low-income areas actually reach frontline health facilities?							
(b) In your view, what percentage (%) of public funds allocated towards health-care expenditures is illegally diverted away from its intended target towards other ends?							
(c) Based on your experience, what percentage (%) of weekly work hours are lost due to unjustified absenteeism among nursing staff in public clinics?							
(d) Based on your experience, what percentage (%) of weekly work hours are lost due to unjustified absenteeism among doctors in public clinics?							

6. Imagine that a sick person seeks treatment for a disease, such as measles, at a public clinic. In your opinion, how likely is the patient to receive treatment of a lower quality than other people because he/she is:

	Very likely	Likely	Unlikely	Very unlikely	Don't Know/ Not applicable
(a) A poor person					
(b) A woman					
(c) A member of an ethnic minority					
(d) A member of a religious minority					

(e) A foreigner (immigrant)					
(f) Gay, lesbian, bisexual, or transgender					
(g) Infected with HIV/AIDS					

Or

(h) None of the above	
-----------------------	--

7. Please choose the statement that is closest to your views on how public health procurement (*i.e.* money spent on medications, vaccines, medical equipment, buildings, etc.) works in your country: **(PLEASE CHOOSE ONLY ONE SINGLE ANSWER)**

(a) Most contracts are awarded through an open and competitive bidding procedure	
(b) There is a formal bidding procedure, but it is flawed. Several contracts are awarded without competitive bidding, or through ineffective bidding processes, leaving open the possibility of corruption	
(c) There is no formal bidding procedure or it is superficial and ineffective. Most contracts are awarded to firms which offer bribes; to firms owned by political supporters; or to firms in which a relevant government officer has a financial stake	
(d) Don't know/Not Applicable	

8. How frequently do people have to pay bribes, informal payments, or other monetary inducements to:

	Almost always	In most cases	In some cases	Almost never	Don't Know/ Not applicable
(a) Obtain vaccinations at a public hospital					
(b) Obtain medicines for an illness, such as tuberculosis					
(c) Get their children admitted into public day-care					
(d) Obtain an ID to receive a basic treatment at a public hospital					
(e) Receive treatment in a public hospital for services that are supposed to be provided free of charge					
(f) Receive contraceptives (to prevent pregnancy)					
(g) Receive care during childbirth					

9. Please answer the following questions:

	Very likely	Likely	Unlikely	Very unlikely	Don't Know/ Not applicable
(a) How likely is a large public hospital in your country to be inspected by the public health authorities on an annual basis?					
(b) How likely is a public clinic in your country to be inspected by the public health authorities on an					

annual basis?					
(c) How likely are the public health authorities to impose sanctions on public hospitals and public clinics if violations are detected?					
(d) How likely are the public health authorities to request, or receive, bribes or other undue advantages to turn a blind eye on detected violations?					

10. How frequently would you say that:

	Almost always	In most cases	In some cases	Almost never	Don't Know/ Not applicable
(a) In practice, the government provides easy-to-understand information on public health issues					
(b) In practice, the government provides information on public health issues in languages spoken by significant segments of the population, even if they are not "official" languages					
(c) In practice, national regulations and standards to protect public health are published on a timely basis					
(d) In practice, local regulations on public health issues are published on a timely basis					
(e) In practice, local regulations on public health can be obtained at little cost, such as by mail, or on-line					
(f) In practice, public health regulations are sufficiently stable to permit the public to ascertain what conducts are permitted and prohibited					

11. Please answer the following questions:

	Very likely	Likely	Unlikely	Very unlikely	Don't Know/ Not applicable
(a) How likely is a medical student who failed the required examinations at a public university to obtain his/her degree by paying bribes or other monetary inducements to the relevant government or university officer?					
(b) How likely are medical professionals and hospital staff to claim and pocket payments from insurance companies for treatments they did not provide?					
(c) How likely are doctors and hospital staff in public clinics to receive bribes from pharmaceutical companies to boost the sales of their drugs?					

12. How likely are doctors and hospital staff in public clinics in poor neighborhoods to steal the following items for personal use, for use in private practice, or for re-sale?
